WAYFINDING AT
BARSTOW COMMUNITY HOSPITAL

NOW OPEN IN BARSTOW...
THE FUTURE OF
 HEALTHCARE

When the new Barstow Community Hospital opened, it introduced a whole new healthcare experience for patients in the region. In addition to consulting designers and architects, we spoke to our patients, physicians and staff. And using their insights, we've created this area's most thoughtful and comfortable healthcare experience.

At Barstow Community Hospital, we believe the people in and around Barstow deserve healthcare that's as convenient as it is advanced. And so, in building our new facility, we made sure to include as many different medical services as possible – all in one easy-to-reach location. So whether you need a quick outpatient test, advanced cardiac care, or nearly anything in between, there's only one name you need to remember – Barstow Community Hospital.
