Auxiliary Program

Auxilians have played a critical role in hospitals for centuries, compassionately supplementing the services that staff provides to patients, their families and guests. Auxilians also play an important role in patient satisfaction, adding a special dimension of personal service and care.

Barstow Community Hospital's Auxiliary is made up of men, women, parents and retirees.

Our Auxilians donate their time and talents for a variety of reasons:

- A desire to help others
- Sharpen their skills for re-entry into the workforce
- Exposure to careers in health care
- Meet new friends
- Stay active and make a difference

And, they can be found in almost every department:

- Greeting visitors
- Involvement with community projects, such as health screenings
- Staffing the Gift Shop
- Providing directions

Volunteering can be a source of pride, enjoyment and challenge. We hope that you will choose to become an important part of our hospital team.

Once we receive your application, you will be contacted by the Auxiliary membership chairperson to schedule an interview.

Basic Requirements

- Have a TB test and substance abuse screening before placement begins
- Attend hospital orientation
- Have hospital/department training
- Adhere to volunteer uniform or dress standards
- Adhere to our "Code of Conduct"
- Be punctual and reliable, displaying dignity, courtesy and consideration for others
- No volunteer can directly participate in or observe patient care without patient consent
- 18 years of age or older

Additional Requirements for Auxilians

Because the safety of our employees, patients and other Auxilians is a priority, a criminal background check is required (paid for by the hospital).

This requires a social security number.

If you are looking for a change, a challenge or new friends, volunteering at Barstow Community Hospital Medical Center may be the place for you to make a difference.
